Fig. 6C

Diagram illustrating the relationship between the two number lines and the vertical bar:

- The top number line shows values from 0 to 30 in increments of 5.
- The bottom number line shows values from 0 to 15 in increments of 5.
- A vertical bar on the right contains 15 squares, with the first 5 squares shaded (hatched).
- An arrow points from the value 15 on the top number line to the first 5 squares of the bar.
- An arrow points from the value 15 on the bottom number line to the last 10 squares of the bar.
